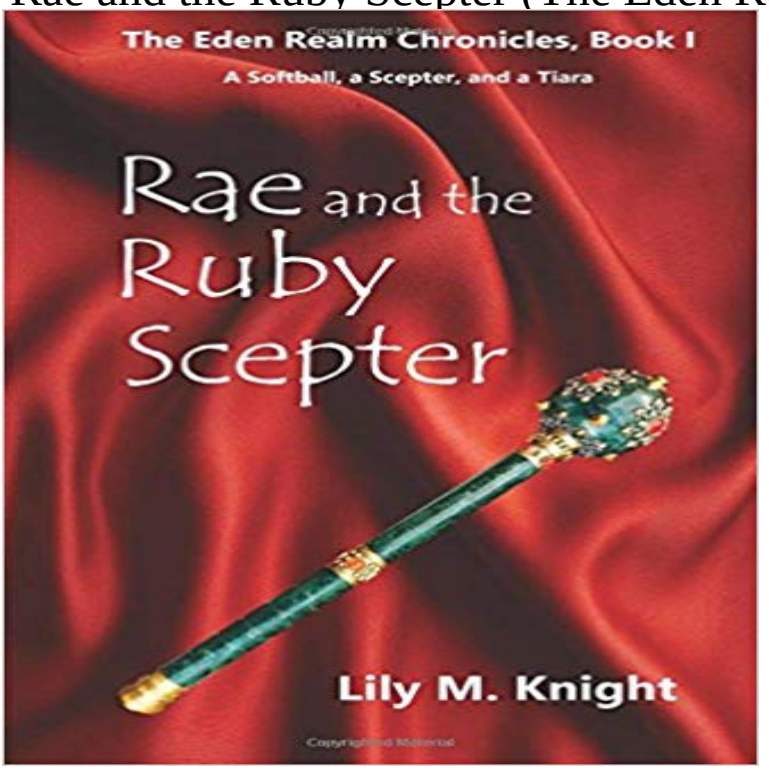
Rae and the Ruby Scepter (The Eden Realm Chronicles) (Volume 1)



A Girl with a Past ~ Rae De Graffs life had been planned for her since birth. But living in a new world, she makes her own choices. They include the love of her life, Dirk Rossevelt, and dreams of receiving a softball scholarship from a PAC-12 University. That is until shes sucked into the past through a portal where the desirable Prince Mogens De Haer stands in the way of her destiny. The Ruby Scepter ~ Missing for over a decade, the Ruby Scepter is the most powerful talisman in the realm. Only the scepter can stop the earthquakes tearing both Ferane and Earth apart, but only if its found before the Blue Moon Eclipse. Rae isnt the only one searching, the Royal Guards scour the city, and Evil will stop at nothing to find it. A Fated World ~ Earths fate, tied with Feranes, hangs in the balance. Rae alone stands between the salvation or destruction of both. But first, she must choose between her life on Earth and her destiny on Ferane which, whether she likes it or not, may very well include Prince Mogens.
