

A Greener Christmas

The only guide to celebrating a greener Christmas shows you how to make your home merry, bright, and eco-friendly! Part craft, gardening, and cookbook, part home decor and entertaining guide, A Greener Christmas lets the whole family get in on projects that are simple, seasonal, and of-the-moment. Welcome guests with candlelit lanterns, hand-stitched stockings, and cozy homemade wreaths. Trim your homegrown tree with shiny recycled tinsel, spicy dried citrus fruits, and wood-scented pinecones. Give heartfelt, environmentally-friendly gifts like homemade herbal teas and mulled wine sachets, all wrapped up in gorgeous, reusable packaging. And set a mouthwatering holiday spread, with the freshest breads, cheeses, meats, and produce, all sourced from local farms. Edited by food and lifestyle maven Sheherazade Goldsmith, this book will help you plan the most beautiful, most festive, and most responsible Christmas yet.
