

Limitless: How to Be, Have, Do and Accomplish Anything

This book explains certain fundamental laws of the universe which apply to and govern the daily lives of everyone, with significant physical, mental, emotional, spiritual and economic consequences -- whether we consciously apply these laws or not. According to these laws, every person is the singular creator of his or her life experience: whether that experience includes happiness, health, wealth and love -- or misery, illness, poverty, and lonely isolation. In short, everyone is born with the innate ability to BE, HAVE, DO and ACCOMPLISH anything. Most people just don't know how to apply these laws of the universe to their advantage. This book not only provides simple techniques, with clear examples of how to capitalize on these laws by changing one's thoughts, beliefs and actions, but also how to accelerate goal fulfillment and maximize happiness. This book is a MUST READ for anyone serious about living a purposeful life of accomplishment and fulfillment.
