

Wife Material

In the 1950s, what constituted wife material was pretty basic compared to how it is now. Perfect wives were women who stayed at home to take care of the kids, keep the house in order and have dinner ready promptly at 6 p.m. when her husband walked through the door. He announced, Hi honey, Im home and she would kiss him on the cheek, before dinner. The world has changed immensely. This is not the normal picture of the perfect wife anymore. Most women are working or career-oriented, because they have to be. Many are single mothers, divorced or working on bettering themselves. Many woman have the idea, in their mind, from the time they are little girls that one day they are going to be married and have a beautiful life. They dream of being a wife. The Bible says in Proverbs 18:22, He who finds a wife finds a good thing and obtains favor from the Lord. What makes a woman able to be found and viewed as a good thing?
