

Hollywoods money-making power. Use it to build your career. In any industry. Michael Terrill worked behind-the-scenes with some of Hollywoods most powerful studio executives, agents, and publicists. He learned firsthand how to launch tough projects, secure well-paying and soul-satisfying work, and steer careers on an award-winning course. He used those Hollywood Secrets to build his own freelance career. And now he shares them with you. Do you want a career that makes you feel happy? Important? Fulfilled? Significant? Wealthy? Only you can define what that life looks like. With 7 Hollywood Secrets to Career Success, Terrill helps you to identify your ideal career path, connect with people who will help you succeed, and take actions that build self respect and command respect from others. The 7 Hollywood Secrets to Career Successes are used every day by top studio executives, producers, agents, managers, and publicists. The Secrets are actual sayings voiced by film industry players. They teach business principles and life lessons -- information and strategies with the power to change your life. Reading this book will teach you how to gain control over your career so that the fear of being unsuccessful -- or the fear of being too successful -- does not control you. Learn the all-important what-and-how of vital daily activities. Explore the emotional and psychological power behind true success. And above all, receive the tools, know-how, and power needed to break through all barriers to your dreams.
