

The Right Thing: A Tao-Driven Guide to Contented Living, Vol. 1 (The Right Thing: A Tao-Driven Guide to Contented Living)

The book draws upon Taoist principles and the authors personal experience for a series of one-page lessons aimed toward reducing the stress and anxiety of everyday life. Incorporating elements of spirituality and self-help, The Right Thing takes the reader on a guided tour of their emotions and behaviors, and suggests how certain liberating behaviors can result in harmony with the world, a life of relative ease, and contentedness. The book is not a retelling of the Tao or a guide to it, but a manual for applying some of its basic principles to daily life.
