\*\*\*\*\* CLIENT CONFIDENTIALITY As most accounts in this book deal with private families encountering psychic happenings within their own homes I have concealed their true identities by using pseudonyms where they asked me to do so. I assure readers that NO CHANGES of any kind have been made to the actual accounts. These happenings did take place: they are real. \*\*\*\*\* OPINIONS and CONCLUSIONS As the Scottish Society for Psychical Research holds no corporate views on psychical matters all opinions and conclusions expressed in the books and the website are those of the author
