

Muse: Oversized Deluxe Edition

Charming Coraline is hired as the private tutor to the young son of rich landlords. Her mission is to entertain her too studious pupil, Vernere. He is only a child, but one with a brilliant and indefatigable mind solely focused on books and inventions. To top it off, he is quite unpleasant. Coraline nonetheless tries to understand him while gradually discovering the strange and surprising universe of the mansion, whose nocturnal ambiance seems so amenable for very strange dreams. Muse is a lyrical and titillating ride through reverie and nostalgia, drawn by comics superstar Terry Dodson (Marvel's Uncanny X-Men, DC's Harley Quinn).
