

Hypnosis for Psychic Development (Hypnotic Empowerment for Self-Awakening)

The black cat on the cover of this audio CD represents what this hypnotic audio product can do for you. [Black Cat: Both the color and the animal denote mystery...that which is unrevealed. A powerfully psychic animal!] This Audio CD contains 2 programs. Program 1: Hypnosis for Psychic Development. Verbal step-by-step instructions gently guide the listener into a hypnotic trance state. Positive suggestions are then given to the subconscious mind to help encourage the awakening or opening of the psychic center otherwise known as the third eye. Being Psychic is a birthright. With regular use the listener can discover just how incredible their mind really is. Program 2: Relax and Develop Your Psychic Ability. Step by step instructions guide the listener into a deeply relaxed trance state. Deep relaxation is extremely beneficial to mind, body and spirit. Program 2 enhances the effects of program 1. Program 1 and program 2 may be used independently of each other. An enclosed booklet describes what hypnosis is and how best to use this CD to achieve the greatest results. Effects will vary from person to person. Hypnotherapy is considered complimentary medicine and is not intended to be used in place of medical or psychiatric care.
