

A Taste of Gold

Psychic twins with special talents meet two thieves, two Taniwha, and one pretty reporter as they experience the adventure of a lifetime. On a prospecting holiday, brothers Jason and Levi discover an ancient supernatural creature, a Taniwha named Otanewainuku, who gives them humming stones in exchange for their silence about its treasure. They also cross paths with two thieves. Their supernatural abilities to find hidden gems and precious metals help them find the stolen goods and turn them in to the police. But when they meet reporter Abby Hennessy, her story on their good deed attracts the wrong kind of attention. When the thieves capture Jason to use his talents, Levi has to rely on their psychic link to guide the police while not revealing their powers. Abby wants to help, and she and Levi search for the thieves, not knowing that Jason is going to use the humming stones to call on another Taniwha for help.
