

## AD 70: A Shadow of the Real End?

Amillennialists and Postmillennialists admit that AD 70 was an end of the age judgment coming of Christ. However, they claim that AD 70 was simply a foreshadowing, or type of the real end of the age, the end of human history. In this unprecedented book, prolific author Don K. Preston (D. Div.) thoroughly and completely examines and refutes this idea. Preston shows, with careful exegesis, sound hermeneutic, and persuasive logic, that AD 70 was not a foreshadowing of the real end, but was, in fact, the final end of the age.
