

How to Take Advantage of Myanmar: The Last Real Unexplored Country in the World (Burma Manufacturing Skills and Low Cost Labour : the Last Real Unexplored Country in the World)

Technical information concerning the opening-up of the country of Myanmar (Burma) to foreign trade is provided in this monograph. It suggests that the government is changing its attitude toward a liberalized market-oriented system, and wishes to implement an open door policy and restructuring of the economy, in line with major changes in economic and trade policies.
