

A darkly funny graphic novel, *Outlaw Efforts* is a maiden tour for a bunch of wacky wannabe rock stars with issues. Little does the band know their temporary tour manager/driver, Maxi, is on the run. Maxi herself is only aware of one hazardous set of pursuers; but, what she doesn't know is how many government agencies are dog-piling on the chase. As the story unfolds, the band limps along the west coast - fighting incessantly - as bad pay, bad conditions, and bad tempers flare in their overloaded, creaky van. And, while city, state, and federal forces close in, Maxi finds out that one of her problems is closer than she thinks.
