

## All the Way Home

Home may appear to be infinitely far away perhaps impossible to find. This is a story about a little boy who once thought that. From an idyllic background as a wealthy doctors son, he became a ward of the state, tossed from one home to another in the foster care system. Disenfranchised from his fathers will and separated from his brother and sister, he found that the harder he fought to reclaim his family, the further away his hope drifted. One day it was gone. Much of what we read about broken homes and lives suggests hopeless futures and early graves. Here is one story with an ending reminding us that there is hope for those who think that God has abandoned them. On the contrary, God can indeed lead us. All the Way Home.
