

Ambushing Trophy Whitetails: Tactical Systems For Big-Buck Success

Ambushing Trophy Whitetails is the new playbook for the deer hunter up to the challenge of hunting big bucks, with bow and with gun. Veteran hunting writer John Trout Jr. calls upon his years of taking numerous super bucks to show the reader how to create multiple ambush sites through careful profiling of individual animals. Trout combines compelling stories of successful hunts with methodology to give the reader a new systematic approach to whitetail hunting.
