

Solitudes EndEpisode II: A Cliffhanger Story

As the army of the Southern Isles approaches, having left a path of death and destruction, Castle Asland prepares for war. The king sends his son and a boy wizard away from the castle to what he hopes is safety. As the enemy gets closer, and the prince tries to escape, nothing seems to go right. The Prince finds refuge in an unlikely place, but the war continues to spread. The prince's wizard meets another wizard. The first female wizard in over 100 years. Together they train to forge a magic tandem bond, creating a power that the world has not seen in ages. This is the story of the last days of Asland, and the trials of its prince and his wizard as they begin a trip to the ends of their known world. It is the first of several episodes in this Cliffhanger Stories series.
