

Anne Steele and Her Spiritual Vision

Anne Steele (1717-1778) has been recognized as one of the leading female hymnwriters of her time. In *Anne Steele and Her Spiritual Vision*, Priscilla Wong demonstrates how Steele was able to see God in different circumstances of her life and expressed it in three main themes that can be found in her hymnody: the glory of God in creation, faith in the face of suffering, and hope in the promised glory. This close analysis of Steele's hymns not only establishes a more coherent and intimate picture of the hymnwriter's life and spirituality but also cultivates a more intense desire for Christians at large to grow in their faith and understanding of God.
