

Armageddon Soon?

Armageddon, Apocalypse Now, Global Warfare, Doomsday, The Second Coming of Christ, and the End of the World all these are expressions that we increasingly find in current conversation and literature. But how do they all fit into the scenario of the future? This booklet describes coming events in their proper biblical order and cites many indications that the end times are near. The author avoids the tendency to sensationalize the daily news as fulfillments of prophecy. Nor does he fancifully identify any world leader as the Antichrist. But he does see God setting the stage for the end of world history. He does see today's headlines as shadows of coming events. The lesson for everyone is, Be Ready. This booklet will tell you how! **TABLE OF CONTENTS** So What Should I Expect? How Soon? On Your Mark . . . Get Set . . . A Timely Reminder: If Not Now, When?
