

American Blood

Satirically macho short comics stories by the shock stylist with a cult following, collected for the first time. American Blood is the definitive collection of writer-artist Benjamin Marra's provocative, self-published comics stories from the past several years, including Gangsta Rap Posse, The Naked Heroes, Lincoln Washington, Ripper, and The Incredibly Fantastic Adventures of Maureen Dowd (in which the controversial political columnist must fight off fanatic White House officials and Hezbollah commandos in time to file her most important column yet and make a date with George Clooney). Black & white illustrations throughout.
