

Search for Atlantis 1927

1927. Excursions by a layman among old legends and new discoveries. The author has constructed a fascinating theory based on researches into classical literature and modern archaeology. It identifies Atlantis with the island of Scheria - the home of Nausicaa in the Odyssey - and both of them with the ancient city of Tarshish, sister city to Gades (or Cadiz, to give it its modern name). His conclusions make extremely interesting reading.
