

Was it a Apple (part one)

What if the world you know was a lie, what if religions are hiding the truth to preserve their church. Youve always ask that question, what if?, Was it a apple is a book that explores the what if, in a funny, sexy and controversial way. Whether your Atheist or have a high belief in god and religion, this book will having you thinking. The Catholic Church will not like this book, but then again, no religion will like this book.
