

Dynamite Entertainment celebrates the 20th Anniversary of this hauntingly evocative graphic novel, written by Dean Motter and Judith Dupre, and featuring lavishly painted artwork by superstar Sean Phillips (Fatale, Criminal). Science transformed his body, artistry inspired his soul. The Heart of the Beast explores the timeless themes of classic horror literature, set against the backdrop of New York City's decadent art world in the Nineties. Sandra, a beautiful and young bartender, meets the enigmatic Victor, a man with strange scars and stranger secrets. A critically acclaimed tale of gothic love and modern horror, this digitally remastered hardcover edition features additional scrapbook material and commentary by the creators.
