

Foster Parenting That Reveals God

This book of stories shows how revealing the word of God can be in assisting and helping children adjust to a new foster home. It shows how the power of prayer spreads throughout real family situations helping to solve problems. It demonstrates the scripture train up a child in the way that it should go and when it is old it will not depart. Setting a spiritual example before children helps them understand what God desires of them. As parents we are to teach our children what thus saith the Lord. This teaching is something that they will treasure the balance of their lives.
