

Cassidy used to have a clean conscience and unstained hands. That was one hundred years ago. Today, hellish rage storms through her veins and gnawing guilt keeps her awake at nights. Thanks to her fathers polluted blood, Cassidy and her sister, Harper, are Furors. Like all rage demons, death clings to them. But Cassidy is sick of living like a monster. Thankfully, she has one thing on her side: Time. It is running out. Soon, her body will slow and weaken. Soon, she will Fade from this world. However, Harper doesn't believe in broken promises. On the night they were chased out of Scarlett Valley, Cassidy promised Harper she would return and look for the Source of Immortality. Though she can't stand the thought of going back, Cassidy keeps her promise. But in Scarlett Valley, their secret is known and someone is watching for their return. Fearful of being discovered, Cassidy spends every free moment searching for the Source. That is, until she meets Sebastian Wick. He is exactly the boy Cassidy has always wanted, but never made the time for. Unfortunately, she is all out of time. Will Cassidy find the Source? Will she choose death or immortality?
