

## Beyond the Sunset - A Study in Biblical Eschatology

In the last moments of ones life on earth, there is a great difference between the man who can say, The Lord is my Shepherd, and the man who says, There is no God, -Perry B. Cotham Beyond the Sunset is true to its title: immortality, heaven, hell, realm of the dead, judgment, resurrection, and many other aspects of afterlife leap from its pages. But what does the title not tell you? Perry Cotham refutes many related false doctrines: evolution-theory of mans origin, purgatory, second chances, and the rapture. There is abundant artillery in this hook to combat cultish and denominational views regarding the soul, the second coming of Christ, and the realm of the dead. Beyond the Sunset is a must-read for any serious Bible student.
