

Aeternum

Aeternum is the story of Lucian Solis, a seemingly ordinary teenager on the verge of his high school graduation. Feeling as though something is missing in his life, Lucian often wonders what it could be and why he feels this void every day. The only three people that really matter to Lucian are his grandfather, who raised him from birth, and his two closest friends he's known since childhood, Connor and Alina. Following the arrival of a beautiful and mysterious stranger named Etria, an impossible and painful secret is revealed to Lucian. He is not who he thinks he is. He is not from this place. He is not human.
