

## Highlights: My Best Bible Prophecy Commentaries (High Time to Awake Book 8)

It is my sincere desire that people would understand what God has written to us in the bible. Frighteningly Gods end time plan includes a lot of terror on earth. It is also my heartfelt wish that each individual would surrender himself under the protection of God. God has provided a way of escape from these increasingly terrible events on earth. By the power of God to raise people from the dead, every believer in Jesus Christ since his own resurrection will be raised from their graves and then lifted up to heaven along with every other living Christian. This is describing the Resurrection and Rapture of Church age believers. When will it happen? Paul the Apostle gives us the insight we need to see this day approaching! My commentary titled The Fall of Satan and Rise of the Antichrist gives us the best insight on Pauls message to the Church! Bible prophecy is especially important to understand these days. But without an overview it can be difficult to see how end time events fit together. Think about this; a new world empire will rule during the time of the Tribulation. Jesus Christ will destroy it at his second coming. So the formation of this empire is a yardstick to locate where we are along the end time timeline. My commentary titled The Leopard is Upon Us! explains Daniel chapter 7s overview of the formation of the next world empire. Understanding Daniel chapter 7 will give you insight into current world happenings. For instance the Middle East is being consolidated under Islamist rule. That is what is happening in Syria. A unified Middle Eastern government will make it easier for it to join the European Union, the new Russian Union, along with a coming Central Asian Union to form one overriding government. That is the next world Empire. It is important for Christians to be alert to Gods end time plans. It is even more important for Israelis to heed Gods end time warnings! There is

coming a day when their lives will depend on it. When the temple in Jerusalem is defiled, the people of Judea must flee to Jordan. They must not return home! Their enemies will run door to door to kill or capture them. My commentary titled Forsake your house and just run! explains Gods warning to the citizens around Jerusalem. Most people seem to think that the Psalm 83 war will happen very soon. That is an unfortunate misunderstanding. Psalm 83 is all about the people living around Jerusalem that have fled into Jordan for refuge. My commentary titled Psalm 83 War describes the trials and final rescue of the Judean refugees in Jordan. Bible prophecy is important. Even more important is that each person knows that they are accountable to God. God loves people. He also hates sin. We must pay the penalty for our own sin. The penalty for sin is death. God loved us so much that he became a man in Jesus so that he could pay that penalty for us. Jesus died for us! My commentary titled The curious thing about Life explores our lifelong relationship with God. God pleads with our hearts always but we must respond. My commentary titled A soul is like a seed takes a very intimate look at our hidden spiritual response to the urging of Gods Holy Spirit. You could sum up end time prophecy this way, There is a terrible day coming upon Israel. In the end Israel must remember that God will always be faithful to his promise that Israel will be his own people forever! Read a very private account of this terrible day in my commentary titled Jerusalems Great Tribulation. I chose these commentaries to be among my best based on their urgency of message, their timeliness, their carefulness of research, the attention given in writing them, their helpfulness to understanding end time prophecy, and also for the scarcity of these views being shared elsewhere. I hope these commentaries give you a solid foundation of understanding for our times, and also a clearer awareness of Gods presence in your life.
