

## Counting Down to a Better World: The Key to Enlightenment in the Here and Now

Discover the Key to Enlightenment Though modern science and technology have dramatically changed our world over the last century, the failings of humankind remain unaltered. The daunting problems experienced by everyone, which continue to fester and increase exponentially, can be solved, if they are clearly identified to enlighten our path and pull us out of the innate darkness with awareness and insight. Counting Down to a Better World systematically reveals the problems and the key to eliminate unnecessary suffering experienced daily by billions of people around the world. This simplistic, yet profound solution discovered in ancient Buddhist scriptures, is the mystic wisdom that can be activated through an easy vibrant practice to heal painful woes and bring joy to the life of every human being. It is through the achievement of this individual happiness that balance will eventually be restored to the environment and peace will spread across the globe.
