

“Brace yourself for a powerful message” Mitzey Powers was born into an extremely religious heritage and forced to endure untold horrors. Her childhood was about survival, she was not the typical kid that lived in blissful ignorance, while shielded from the darkness of the world... instead her life was full of betrayal and abuse, which haunted her well into middle age. When her burden becomes too much for her to bear, she decides to free her soul of it. With no experience and an iron will she embarks on a spiritual quest. Hiking over 2,000+ miles alone from the mountains of Spain to the town of Santiago, on a well-known pilgrimage walk through Europe. Follow Mitzy on her journey as she forges ahead against all odds and heals herself by restoring her faith in God’s people and his divine grace. Her journey is a testimonial to the enduring will of the human spirit.
