

Bihar Quiz Book

Since time immemorial, India was referred to as a golden bird and Bihar as a seat of learning where great universities like Nalanda and Takshila and noted scholars like Chanakya dispersed knowledge among the people. The blessed land of Bihar has been witness to several momentous events owing to its historical, cultural, social, economic, geographical and political importance. This book is an attempt to acquaint readers with diverse topics related to the state of Bihar in the format of a questionnaire. Every effort has been made to introduce readers to little-known aspects of the state. The book deals with Bihar's history, political system, geographical expanse, industry, agriculture, forest, tourism, education, arts and sports. The book contains 1,000 questions with four answers each, one of which is correct. These questions could have been placed directly, but that would not have generated interest among the readers. They have, therefore, been segregated under various topics so as to enthuse the readers. This format, we believe, makes the whole exercise of answering the questions less monotonous. May we be allowed to say that this collection is the most comprehensive quiz book on Bihar.
