

Watching for the Day

As we have been made aware, the year 2012 has been long predicted by the Mayans to be the year that the present world comes to an end. Of course, this is not the first of the end of the world predictions, nor will it be the last. There seems to be something within each one of us that tells us this present earth is eventually headed for destruction, be it from war, pollution, or even by being hit by an asteroid.
