

Classic British Cars

There is a very good reason classic cars garner the name classic. These automotive works of art have always managed to turn heads and gather everyone's attention whenever they make an appearance. It only takes one look to fall in love with these automotive masterpieces and now you can enjoy coloring 20 classic British cars. Each car has been meticulously hand drawn by Jordan Biggio, automotive enthusiast and illustrator. Designed to appeal to classic car lovers of all ages. Beginners will love the large open spaces giving them plenty of area to lay down solid colors. No artistic skill is required in order to make a jaw dropping masterpiece. Advanced colorists will enjoy using the line art to apply shading techniques that make the classic cars shine. As a bonus each classic automobile design is printed twice in this book. Not only does this give you the opportunity to color each scene twice, it also gives you a clean slate in case you make a mistake! It is like having two copies of the same book. As a second bonus, both the front and back cover are printed with a matte finish. This means you can color them too! Enjoy these classic British cars. Jaguar XKE, 1938 MG ROADSTER, 1945 MG TC, 1962 Triumph Spitfire, Lotus 7, 1953 Jaguar XK, 1960 Bentley S2, 1969 Triumph TR6, 1949 Triumph 2000, 1955 Bentley R Type, 1955 MG MGA, 1960 Austin Martin DB4 GTZ ZAGATO COUPE, 1961 Aston Martin, 1962 Lotus Elan, 1962 MGB, 1957 Jaguar, 1963 Austin Healey Sprite MKII, 1964 Austin Mini, 1964 Rolls Royce, 1967 Austin Healey 3000 MK III Each classic British car is printed on one side of 60 lb pure white paper to minimize scoring and bleed-through. We suggest using crayons and high quality colored pencils for the best results. Markers and gel pens work as well, but we suggest placing a piece of scratch paper between the pages to prevent the excessive bleed-through these coloring

mediums are known for. Please note the pages in this adult coloring book are not perforated. I have always loved the sleek curves of the automotive world.
