

Buffalo!

Craig Boddington is a veteran hunter of Africa's gamelands. He has hunted one animal more than any other, the buffalo. He also has hunted them in every place in Africa where a huntable population exists. Craig tells his readers where to hunt, how and when to hunt, and what will happen when they do hunt. He describes what it means to rush the herd, one of his favorite methods of hunting these worthy opponents. Published entirely in color, this book has it all: rifles, bullets, scopes, methods, and stories.
