

Bushcraft Outdoor Skills: Wilderness Survival Secrets To Keep You And Your Family Alive When There Is No One To Help

If a disaster hits and you need to bug out in the wild, would you and your family be able to make it? This practical bushcraft survival guides reveals critical skills that will keep you alive if you are ever stranded in the wilderness. Discover... * How to find the best type of wood for a campfire. * An edible wild plant that can be used to make coffee. * How to heal cuts and abrasions faster with this common wild plant. * How to make a heat reflector to capture more heat from a campfire - using only two sticks and this common bug out bag item. * The cheap, lightweight material that can keep you warm at night, store food, keep firewood dry, and much more. * An ingenious way to make a small backpack that kids can carry. * How to make homemade mosquito and tick repellent without dangerous chemicals or additives. * How to build a bushcraft shelter that will keep you warm at night. * Simple tools that will help you survive in the wild. ... and many more wilderness survival skills that will save your life if you find yourself in the wild.
