

Gods Crime Scene: A Cold-Case Detective Examines the Evidence for a Divinely Created Universe

In crime investigation, there are four causes of death, and only one of them requires an intruder. Murders typically involve suspects external to the crime scene. If there's evidence of an outside intruder, homicide detectives have to prepare for a chase. Join J. Warner Wallace, former atheist, seasoned cold-case detective, and popular national speaker, as he tackles his most important case...with you on the jury! J. Warner examines eight critical pieces of evidence in the crime scene of the universe to determine if they point to a Divine Intruder. If you have ever wondered if something (or someone) outside the natural realm created the universe and everything in it, this is the case for you.
