

The Way of Ping: Journey to the Great/ A Frog in Search of a new Pond

The sequel to the international bestseller Ping: A Frog in Search of a New Ponda parable about taking risks and discovering a new path. In this new adventure, the now legendary Ping has become the teacher. His travels take him to a pond whose dwellers, ruled by Toad the Elder, have never questioned the certainty of their surroundings. But two young frogs, Daikon and Hodo, inquisitive and rebellious, convince Ping to take them on a journey that will change their lives forever. This delightful story captures the fears and doubts faced by all who choose to leave the familiar to make their way in an unknown world, and teaches them to find their true path. As Ping says, It is never too late to be what you can become.
