

Comfort and Hope for Widows and Widowers

Donnette Alfelt, a widow since 1981, has been leading widow/widowers groups for many years. In these groups, bereaved husbands and wives speak not only about their grief and the rebuilding of their lives, but also of a marriage relationship that continues. This little book offers thoughts, hope and comfort that have come from the experiences and beliefs expressed in Donnettes groups. When married partners love each other tenderly, they think of eternity in regard to the marriage covenant, and not at all of its being terminated by death. Emanuel Swedenborg
