

At Issue: Manufacturing Jobs in the US discusses whether there is a strong American workforce available for new manufacturing jobs, whether American youths are interested in manufacturing, and whether the United States can compete with overseas manufacturers. These books provide a range of opinions on a social issue; each volume focuses on a specific issue and offers a variety of perspectives, e.g., eyewitness accounts, governmental views, scientific analysis, newspaper accounts, to illuminate the issue. Greenhaven Press's At Issue series provides a wide range of opinions on individual social issues. Enhancing critical thinking skills, each At Issue volume is an excellent research tool to help readers understand current social issues and prepare reports.
