

Childrens Book About Outdoor Activities: A Kids Picture Book About Outdoor Activities With Photos and Fun Facts

Jennifer Garcia is pleased to present her new picture book for kids. This easy reading book for children contains fun facts about outdoor activities. Although some games are included, most activities involve family fun and exploration. This delightful picture book is written for children ages 4 to 10. It contains a variety of activities to do with people of different ages. Its illustrated with great graphic images. It offers interesting facts in simple language. Although the material appropriate for these ages, younger children will need some help. They will enjoy the book most by sharing it with a parent. Students will encounter new words and concepts. Theyll read about stargazing, and learn to make their own sundials. Theyll also learn about setting up special targets for throwing snowballs. Other subjects in the book include having an art fair and exploring other forms of transportation. Most of the books images are colored photographs. These are most effective when read on a Kindle Fire, or the Kindle Application on a tablet device, or PC. They can be viewed clearly on black and white readers. Only the color dimension is lacking. Children will also find answers to kid-style questions: Did anybody famous come from our city? All my old games are boring. Cant I do something new? Teachers and home schooling parents will find this book a wonderful addition to their nonfiction libraries. It provides selected passages on an assortment of subjects. Activities for a variety of interests and ages are all presented for the young reader. Great illustrations bring the text to life.
