

Making Life Worth While

AUTHORS FOREWORD In *Laugh and Live*, my sole purpose was to emphasize our first duty toward ourselves, which consists of doing our level best at everything we undertake, and making the best of every situation that arises to confront us. All through my early life I read inspirational books and liked them best of all. They seemed to beckon me on. I could feel myself being pulled along by an unseen hand. Let there be no mistake about *Making Life Worth While*. It has no particular plan or sequence whereby to back up its title. Nearly everything has to do with such a subject and that is what the book contains everything in general and nothing in particular just such things as came to mind that seemed worth while. As a follow up to *Laugh and Live* heres hoping that it will fill the bill.
