

Civil War Ghosts of North Georgia (Haunted America)

Though Georgia was spared the hard hand of war for two years, combat arrived with a vengeance in September 1863 with the Battle of Chickamauga in north Georgia. It was the second-largest battle of the Civil War and has become one of Americas most haunted battlefields, producing a long history of bizarre paranormal events that continue today. From Shermans notorious march to Confederate general James Longstreets continued inhabitation of his postwar home, Georgia is haunted by many of those who fought in Americas deadliest war. Join author Jim Miles as he details the ghosts that still roam Georgias Civil War battlefields, hospitals and antebellum homes.
