

## Matt the Cat: Trains Bubba the Puppy (Adventures of Matt the Cat and Friends Book 2)

The Matt the Cat stories are designed to appeal to little kids and big kids alike, and, where appropriate, illustrate points made in Mini-Tutorials from CJs Easy as Pie Kindle Tutorials. Matt the Cat Trains Bubba the Puppy is the second book in the Adventures of Matt the Cat series. The first book, Matt the Cat Finds his Person is available from Amazon. These books are designed as little kids picture books with real photographs, and also contain How to do this yourself tips or Mini-Tutorials for big kids. The Mini Tutorials present just the necessary steps you need to do the job at hand, without having to slog through stuff you dont really need. The captions for the pictures in this book are in the child-friendly font, ABeeZee, by Anja Meiners, described as follows: ABeeZee is a childrens learning font. Open, friendly and simple, the definite shapes support the process of learning to read and write. The italic carefully reminds young readers of fluent writing movements and inspires them to create their own unique handwriting. Note: At the time of this writing, the Amazon sales page Look Inside feature displays a plain font instead of the ABeeZee font. However, the downloaded eBook correctly displays the child-friendly font, ABeeZee. A future Mini-Tutorial from CJs Easy as Pie Kindle Tutorials will tell how to embed fonts into your Kindle eBook. Your purchase of this eBook entitles you to download, at no additional cost, the CJs Easy as Pie MS Word Template, complete with Kindle Styles, to enable you to format your own book, and format and insert pictures into a Kindle eBook, similar to this one.
