

The best Exercises from Top Coaches (German Soccer Drill Collections Book 6)

Part 1 of new series contains interesting exercises and coaching tips of:- Wiel Coerver (11 top exercises - dribbling, faking, shot on goal)- Foppe de Haan (3 exercises in the square - one touch, wall pass, through passing)- Guus Hiddink (8 exercises for perfect passing, one touch, goalkeepers in complex coaching settings)- Michael Kopf (8 variations for decision finding in soccer)- Michael Skibbe (7 exercises - wall pass, crossing, overlapping, through passing, shot on goal)- Thomas Schaaf (3 exercises - wall pass, diagonal passing, switching positions) Exercises collected and revised by Peter Schreiner. Thomas Schaaf: Every technical action has a tactical reason. The player makes tactical decisions, that he has to fulfill fast and precisely in a game situation. Without an excellent technique it is not possible to realize tactical abilities in attacking soccer. That's the reason why I regularly bring exercises to practice passing and combination play into my coaching sessions.
