

## Cork High And Bottle Deep

This is a top shelf collection of the quintessential mid-century gag cartoonist Virgil Partch (VIP)s alcohol-themed artwork. Hot on the heels of last years VIP: The Mad World of Virgil Partch comes this brand new collection of intoxicated insanity! Virgil Partch, tutor to the tanked, scholar of the sloshed, professor to the plastered, and endowed with a scholarship from the School of Advanced Study of Alcoholic Endeavor, flung himself into months-long research of the most arduous kind in order to produce ? for our collective betterment ? this report on the hangover, and how one may acquire it. At the height of his career, working in quiet obscurity, Partch pursued his goal quietly and selflessly, often confining himself for long hours without food or sleep in dim, ill-ventilated holes-in-the- walls, doggedly researching, testing, rejecting, seeking no reward but that elusive ideal mixture to satiate ones palate and wet ones whistle. The foamy formula of excess ( $C_2H_5OH +$  homo sapiens) has created a combustible concoction that has long fueled sleepless nights, great passions, artistic achievement, and regretful mornings, but never before has it produced such inspired hilarity. Collecting the top shelf of VIPs drink-themed artwork including well-known favorites, this new book is sure to delight even the most rigid teetotaler (and perhaps cause them to reconsider). So batten down the hooch and prepare to cast off on the stormy seas of booze with your faithful captain, Virgil Partch! Full-color
