

The Piano Catastrophe (The Talent Experiments Book 1)

Zinna Tsuda: average high school student with a major graphic novel addiction and a hatred of most of the male species. In short: not someone who'd be on a national hit list. And definitely not someone you'd expect to possess an amazing power. Jamie Jin: straight-laced and serious new guy who just showed up at Zinna's high school and who seems to know a lot about her family's past. In short: not someone you'd expect to be a murderer. * *

* Attempted murder by falling piano? It sounds like something straight out of a cartoon--or that's what 17-year-old Zinna Tsuda thinks, until she's nearly killed by one in New York. Saved by the enigmatic Jamie Jin, Zinna is suddenly forced to face the facts and question everything she thought she knew. Who would drop a piano on her? How does she tie into things? And what is Jamie suddenly doing in California? After a shocking element from her family's past is revealed, Zinna is plunged into a new world fraught with danger, superpowers, premonitions, and a hot guy (or two), with complex family feuds, sordid pasts, betrayal, and secrets galore.
