

An Indictment Against Calvinism

From Augustine to Calvin, the heresy of twisted scripture has never ceased. With new stars of Calvinism gaining ground and convincing people that Calvinism is, in fact Christianity, the need to counter it never ends. In this small booklet, Calvinism is placed front in center and its main passages are shown in the full light of Scripture, exposing the Verse Theology that never leaves the doctrine of the heretic. Today's famous and prominent stars of Calvinism include, but are not limited to John Piper, John MacArthur, RC Sproul, James White and Paul Washer. This is just the tip of the iceberg in the American Calvinist realm. Each country that professes some sort of Christianity will have a beehive of poisonous Calvinists tirelessly seeking to contaminate the body of Christ. Satan, after all, never sleeps. Verse theology is the method of developing heresy and Calvinism has been the prototypical false doctrine at using it. Along with redefined and invented terminology, Calvinism seeks entry into the Christian dialog with many, if not most Believers in Christ, have been beguiled into thinking that Calvinism IS Christianity, even if a bit off. Calvinists will point to similarities in doctrine as proof of it being real Christianity, when it is actually not the similarities that matter, but the differences. I hope that those who are seeking truth, whether they are currently Calvinists, have just been exposed to it, or are seeking re-enforcement of their already correct faith, to be able to stifle and shut down the dishonest use of Scripture when the Calvinist begins his presentation.
