Written in Lifes Design, Is a book of poetic and left-of-center poetic writings describing lifes experiences. Aimed to inspire, define, and help guide those of us who are unsure where to turn next. Inside you will find a multitude of diversity. Each page has its own story to tell, each chapter will paint a portrait in your head, and the book in whole will inspire you. You can read it from front to back, but to optically indulge your senses I recommend reading it piece-by-piece. May this book entertain and delight you the way it did me while writing it.
