

Why You Can Believe: Is there a God? The Bible? The Virgin Birth? The Resurrection? Life after Death? Jesus?

Is there a God? Can you prove it without going to the Bible? Can you believe the Bible? How can a modern person believe in the Virgin Birth? Was Jesus really physically resurrected from the dead? Is there Life after Death? Is there really only one way to heaven? This book explores these and other questions of paramount importance to all thinking people. It does so without circular reasoning (You can believe in God because the Bible says there is a God. You can believe in the Bible because God said you could). It references a variety of scientific and secular proofs for each critical area. This would be an excellent book to edify your own faith or to share with others who are searching for answers.
