

Ron Lavin says that we desperately need to re-examine and return to the basics of the Christian faith -- and what better source of inspiration is there than the word of God and the sacraments, Gods holy pipelines from heaven? In the latest installment of his popular Another Look series, Lavin explores Gods Word, baptism, and communion, and demonstrates that far from being meaningless rituals, they are extremely relevant for modern living. Weaving together time-tested biblical truths with a series of vignettes about Grace Livingstone, a fictional character who is a typical church outsider, Lavin illustrates how faithful proclamation of the Word and celebration of the sacraments can be effective tools for evangelism and outreach. The ups and downs of Graces life, and her need for the Word and sacraments, are sure to resonate with you. Structured in three four-session sets, Saving Grace is an ideal group study resource -- each chapter includes a digging deeper section plus stimulating discussion questions, and there are tips to assist small group leaders. Saving Grace is also great for new member or adult Sunday school classes, personal meditation, and sermon preparation. Ron Lavins passion for the Word of God and zeal to reach humanity with the truth that Jesus is alive is a source of inspiration and hope. In Saving Grace, Lavin takes us back to the basics of our biblical and confessional heritage and shows us the interrelationship between what we confess and how we live.
