

Down Under: The Avgoustos [August] Trilogy: A Mystical and Narrative Journey that Encompasses Deception, Faith, Love, Resiliency, and Spirituality (Avgoustos Trilogy)

The narrative storyline entails an in-depth, and firsthand account of unexplainable events that could relatively be linked to intuitions, and precognition, the ability to predict future events. Over a span of several years, the writer had intermittently foretold a series of inexplicable events that were depicted through premonitions, and psychic dreams and real-time occurrences. Initially, these encounters were ruled as mere coincidences in a moderately tranquil world that fostered logical reasoning until a remarkable Australian abruptly entered into her seemingly conventional lifestyle. The enthralling and often mysterious Australian afforded a riveting adventure whereas the writer was profoundly captivated through his risk-taking antics and daring pursuits. It was easily ascertained how an earlier premonition had ultimately laid the framework for their most extraordinary and unusual encounter. The couple shared a perpetual bond that was strikingly uncanny but the writer started to experience a sequence of strange premonitions, which exclusively forewarned a chain of events that predicted doom in a relatively promising relationship. When the center of her universe and mate unexpectedly vanished, the writers premonitions commenced to unfold. Her practical world as a doctoral student, and researcher evolved from a transfixed state of heightened exhilaration, to bewilderment and subsequently a continuous pattern of sheer mayhem.
